

Project Demo Planning

Date	15 March 2026
Team ID	SWTID-2026-1393
Project Name	EduGenie – AI Learning Assistant
Maximum Marks	1 Mark

Project Demo Planning:

A structured demo plan is prepared for EduGenie so that the project can be presented clearly, covering the problem, proposed solution, architecture, key AI learning features, live application demonstration, deployment and questions.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce EduGenie and explain the learning problem addressed by the project.	1	Project Team
2	Solution Overview	Explain the proposed AI-powered learning assistant, its architecture and technology stack.	2	Project Team
3	Core Features	Briefly explain Q&A, AI explanation, quiz generation, summary and learning-path features.	3	Project Team
4	Live Feature Demonstration	Open the deployed application and demonstrate the main learning workflows using sample projects.	5	Project Team
5	Deployment & Results	Show the hosted application and briefly explain testing, GitHub repository and deployment.	2	Project Team
6	Q&A / Closing	Answer evaluator questions and conclude the demonstration.	1	Project Team

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for an AI-supported learning assistant and introduce EduGenie.
2	Solution Overview	Present the frontend, FastAPI backend, learning modules and Gemini AI integration.
3	Live Feature Demonstration	Demonstrate Q&A, explanation, quiz, summary and learning-path workflows using the deployed application.
4	Q&A Session	Respond to evaluator questions and clarify implementation, testing and deployment details.
